

The PDBKA forum is an online forum for Portsmouth Beekeeper members, other beekeepers, suppliers and the public to use to interact with Portsmouth Beekeepers members for information and advice. *(You must adhere to the terms and conditions of use).*

To register on the P&DBKA forum then please follow these instructions.

From the [Portsmouth Beekeepers Website](#) then:

Click on [Discussion Forum](#) from the main menu.

On the Top Right Hand Side select "[Register](#)".

Please confirm when you were born *(This is so we know if you are under 18yo).*

You now have to agree to the Terms and Conditions of the Forum.

Now enter a username. (Username must be between 3 and 20 chars long and use letter, number, space or -+\_[ ] characters).

Now enter your email address and confirm your email address.

*(Usually [name@domain.com](#))*

Now choose a password. *(The password must be between 6 and 30 characters long, must contain letters in mixed case and must contain numbers. A good password example is March1)*

To prevent automated registrations from internet robots the Forum requires you to enter a confirmation code. *(Robots are a real problem for forums so unfortunately this step is necessary).* The code is displayed in the odd image you are presented with. If you are visually impaired or cannot read this code either request a different image or contact the [Board Administrator](#). (Please note the code is case sensitive so please check the characters carefully).

Enter the displayed confirmation code.

You should now get a message that says "Your account has been created". However, this Forum requires account activation by the administrator group. This is to ensure spammers are not registering on the forum. An e-mail will be sent to the administrator group at this point and you will be informed when your account has been activated. This may take a few days depending how regularly the administrators check their emails.

[Return to the index page](#)

Once your account has been authorised then you can log on to the forum.

[Return to the index page](#)

Once you have logged on you the recommendation is that you access the [User Control Panel](#) and personalise your account.

Once you are registered and logged on then why not join in and post a comment.
